

2016 NAMWOLF Law Firm MVP Award

BSP is a woman-owned law firm of first-chair trial and appellate lawyers. We represent Fortune 500 companies in high-exposure complex litigation. To be perfectly honest (but not modest), we rock.

Our attorneys were educated at top law schools and clerked for judges at the Michigan Supreme Court and federal district and appellate courts. Many of our attorneys left successful "Big Firm" careers to join BSP's dynamic, boutique practice. With tireless commitment, our team delivers outstanding results while providing the personal attention and cost efficiency that today's clients need.

Our years as a NAMWOLF member have been incredibly rewarding, and we are committed to the goals of this exceptional organization. We are deeply honored to have been chosen for the Law Firm MVP Award and applaud all NAMWOLF members who have come together to make this organization a success.
