## WHO WE ARE

Mac Murray & Shuster LLP is a nationally recognized women-owned firm focused on consumer protection regulatory compliance and litigation. Led by former state regulators, including an Ohio Attorney General and three Consumer Protection Section Chiefs, our legal team brings an intimate knowledge of consumer protection law that only comes from having helped shape the regulatory landscape themselves. No other firm matches our depth of experience, understanding of government regulators' thinking, and ability to navigate the labyrinth of state and federal regulations imposed on multistate businesses.

## WHAT WE DO

We help your business thrive against complex and evolving regulatory demands through proactive compliance management and representation in investigations and other matters before regulatory agencies including the FCC, FTC, CFPB, and state attorneys general. We're passionate about identifying and addressing issues *before* they capture the attention of regulators or find their way to a courtroom. When litigation is unavoidable, we're there in the trenches with a strategy tailored to your objectives - moving quickly, decisively, and with integrity.
