

About Walsworth

Walsworth was founded over 25 years ago based on a sincere commitment to work with our clients to use our experience, resources and diverse backgrounds to best serve their needs. Since 1989, the firm has grown to over 75 attorneys and continues to expand. While our team of attorneys continues to grow, we strive to provide our clients with the individualized attention they need. Our goal is to be our clients' first choice for legal representation.

From our offices in California—Orange, Los Angeles and San Francisco—our attorneys have extensive experience in a variety of litigation and transactional matters to meet our clients' objectives. Our work includes advice and counseling in complex business and litigation matters, handling litigation in state and federal courts, and briefing and arguing appeals in courts, including the California Supreme Court and the Ninth Circuit Federal Court of Appeals. From our California base, we have also handled and tried matters in several states and internationally, including serving as national trial counsel.

Our lawyers and staff are committed to providing clients with highly professional and efficient service and personalized attention, making the difficult experience of litigation and involvement in transactional matters as smooth as possible.

Walsworth is a certified Women's Business Enterprise (WBE) by the Women's Business Enterprise National Council (WBENC) and by the California Public Utilities Commission, and we are proud to be the largest certified WBE law firm in the United States. Walsworth is also a National Association of Minority and Women Owned Law Firms (NAMWOLF) member, the largest in California and third largest nationwide.
