

MAC MURRAY & SHUSTER

Perspective Matters

Consumer protection compliance and defense from a team of former state regulators.

Mac Murray & Shuster (M&S) is led by a former Ohio Attorney General, plus three former Consumer Protection Section Chiefs, who together bring more than 75 years of experience managing state regulatory initiatives and helping businesses comply with a broad range of regulatory demands. With experience in the trenches on both sides of consumer protection, no other firm matches our depth of experience, unique understanding of the priorities and decision-making process of government regulators, and decades of relationship building with state AG regulators.

We help clients navigate and thrive in an increasingly complex regulatory environment through proactive compliance counsel and zealous representation in litigation and investigations. Our ability to advise from a regulator's point-of-view helps businesses create a strong compliance infrastructure that prevents consumer protection violations. When needed, we will aggressively defend our clients in litigation or before regulatory agencies at the state and federal levels.

M&S has received national recognition for excellence in law, with the firm most recently named to the U.S. News & World Report and Best Lawyers 2018 "Best Law Firms" list. A leading voice on consumer protection matters, our attorneys are frequently called upon to provide counsel to Fortune 100 companies, speak before regulatory agencies, and serve as general counsel to key industry associations.

Blending big firm experience and political savvy with boutique client service, M&S brings the best of all worlds to its clients.
