NAMWOLF LAW FIRM MEMBERSHIP

Our goal is to have a blend of minority and women owned law firms, dispersed geographically across the United States, representing a variety of corporate law expertise. NAMWOLF uses a detailed process to determine law firm admission and this vetting process can take several months. Law firm candidates must complete an extensive application and screening process before they can be admitted to membership.

CRITERIA FOR ADMISSION INCLUDE

- Properly certified as a minority, women or LGBT owned, operated, managed and controlled (51% or more) firm. **Must be certified by the National Minority Supplier Development Council (NMSDC), the Women's Business Enterprise National Council (WBENC), or The National Gay and Lesbian Chamber of Commerce (NGLCC).**
- Favorable client references from national and regional corporations or major public entities, including corporate references within the Fortune 500
- Excellence in quality of law practiced, as evidenced by corporate references, presence on outside counsel approved lists and panels for national or regional corporations, and other awards and memberships
- Martindale-Hubbell AV Peer Review Rating (4.5 - 5.0)
- Three or more full-time attorneys in the firm
- Headquartered in the U.S. or Puerto Rico
- Sufficient practice liability insurance (at least \$2 million)

The NAMWOLF team performs independent research on each prospective firm. After the firm's application is complete, the Admissions Committee, comprised of in-house counsel and NAMWOLF law firm members, reviews the collected materials and makes a recommendation for or against membership to the Board of Directors, with whom the final decision rests. Our goal is to have a blend of minority, women and LGBT owned law firms, dispersed geographically across the United States, representing a variety of corporate law expertise.

Our litigators and trial lawyers are true players in the Fortune 500 legal market. We represent clients in the most challenging litigation, often involving novel legal or scientific issues and we handle high-stakes complex litigation, class actions, and trials. Our attorneys and firm cases appear in major news outlets such as CNN, *The Economist*, and Law360, and many of our attorneys have been honored to receive distinctions, including: Benchmark Litigation Minnesota “Stars” and “Future Star”; “Life Sciences Star” by LMG Life Sciences; “Leading Lawyer for Product Liability and Mass Tort Defense” by The Legal 500 United States; and Best Lawyers in America®. In December 2013, Blackwell Burke P.A. received the Excellence in Service Award from General Mills, Inc. for the firm’s “outstanding partnership and service” to General Mills’ legal department. Most recently, the Firm was included on the 2015 U.S. News & World Report and Best Lawyers® Best Law Firms list with a ranking of “Metropolitan Tier 2 for Products Liability Litigation-Defendant.”

PRACTICE AREAS

Trial Practice – Blackwell Burke P.A. attorneys have a national reputation for trial success. We enjoy inspiring our clients’ confidence, preparing experts for precise and rigorous presentation, developing our witnesses’ comfort and fortitude for trial, and partnering with talented trial graphics designers to present – simply and compellingly – your best case. Blackwell Burke P.A. clients appreciate our meticulous development and presentation of their cases, but what they appreciate the most is our results.

Class Action Defense – We defend clients in areas ranging from retail sales to marine engines, wage and hour claims to alleged product defects. This litigation has involved classes of thousands of employees and consumers, numerous witnesses and hundreds of exhibits. We also work with clients to develop strategies to minimize the potential of class action certification, and zealously defend cases that are brought to trial.

Products Liability – Our attorneys have defended products liability claims involving asbestos, silica and benzene, medical devices, automotive, industrial, mechanical, chemical, petroleum, structural, metallurgical, and fluid dynamics issues. Firm attorneys serve as national counsel to major corporations, and have handled lawsuits nationally and internationally.

Toxic Torts – Our attorneys have extensive experience in the defense of cases involving alleged workplace exposure to asbestos, benzene and silica products purportedly manufactured, distributed, and/or sold by our clients. Historically and presently, our attorneys have served as national trial counsel for manufacturers in numerous asbestos and silica cases. Our role as national trial counsel encompasses the entire nation, including some of the worst defendant jurisdictions: Madison County, Illinois; Alameda County, California; the City of St. Louis, Missouri; and Independence, Missouri, among others.

Drug & Device – We currently serve as preferred counsel to one of the world’s largest medical device companies, and national product liability counsel to a global manufacturer of implants and surgical products for the extremities. Our diverse science counsel assignments and many successful *Daubert* challenges give us uncommon fluency in science, medicine, and medical technology. Our team includes an LMG “Life Sciences Star” and a medical device engineer with five patents.

Commercial Litigation – We represent corporations, businesses, and individuals in connection with a variety of commercial matters including class action defense, antitrust issues, sales practice matters, licensing and registration issues, breach of non-compete and royalty agreements, personal property and non-residential real property leases, distributor agreements, replevins, prejudgment seizures, real estate matters, and all types of commercial-related matters.

Food Industry Defense – Our attorneys provide legal advice and counsel to clients faced with potential regulatory actions, product recalls, supplier disputes, contamination source identification, ingredients (such as diacetyl), and evidence preservation matters.

Labor & Employment – We represent a wide variety of companies in providing creative and cost-effective solutions to their labor and employment needs and we have hands-on trial experience defending wage and hour class action suits. Our attorneys have handled employment matters in various state and federal courts, administrative agencies (such as EEOC, OSHA, and other local and state equal employment opportunity agencies), and appeared before state and federal appellate courts.

THE FIRM

Joseph Alan Callier and Bernardo S. Garza, agreed in 1985 to create a client centered, creative, cost-efficient legal services firm which, when reason did not prevail, would always be prepared to persuasively present a client's dispute to a jury. Firm principles, standards and attention to detail result in it possessing an “AV” Martindale-Hubbell rating.

PHILOSOPHY

To “partner” with clients to evaluate facts and determine goals, then design an effective, cost-efficient resolution plan. To always remember that since it is their file, a client must always be apprised of significant facts to make informed decisions. To always remember that there is another stone (factual or legal) to be discovered and turned to ascertain how the findings can best be used to help a client, so diligence and vigilance are watchwords until the entrusted matter is closed.

The lawyers at **CHEN MALIN LLP** practice at the intersection of complex transactions and litigation. We are problem solvers, and our record speaks for itself. We secured contract terms from major IT vendors that later formed the basis for multiple 8-figure recoveries for our client—without litigation. Similarly, we helped our clients emerge with trial victories when observers expected adverse results—against teams from AmLaw 100 firms. Our clients, which include multiple Fortune 100 and Global Fortune 500 companies, entrust us with contracts that impact 11-figures in annual operating revenues and bet-the-company litigation.

Counter-parties have sought our advice on contracts after negotiating against us. We have won cases, whether at trials or through summary judgment or claim construction, using theories that the same courts have rejected—when those theories were advanced by others. We are one of a handful of teams in the country that have successfully litigated a F/RAND (patent) case to verdict; and our cross examinations of opposing experts have been case-dispositive.

What our clients say

- “ One of the most effective and efficient counsel I have ever worked with ”
- “ Great understanding of business operation(s) ”
- “ Coalesces ... technical knowledge ... legal acumen ... and negotiation skills to provide ... exceptional legal advice in a 'user-friendly' manner ”
- “ A strong trial lawyer ... admired for his ability to assimilate and simplify complex technological details in IP disputes of all kinds ”
- “ His extensive expertise and abilities as a litigator, negotiator and advocate are obvious ”

FIRM OVERVIEW

Fearless trial advocacy is a great way to describe the litigation approach employed by Hollins Law, a Top 50 Orange County law firm established more than 35 years ago. It is recognized as a preeminent, AV-rated firm.

Hollins Law provides a wide range of representation in various practice areas, including Business Law and Litigation, Catastrophic Injury, Employment Litigation and Insurance Litigation, among others. However, Hollins Law's practice – no matter the underlying area – leads back to a singularly unique quality few firms possess among today's overcrowded courtrooms: the ability to try cases.

The extensive trial experience of the firm's attorneys allows the firm to provide a cost-effective litigation approach that attracts clients. Hollins Law embodies the adage that you can always settle a case that is prepared for trial, but it is impossible to try the case that was only prepared to settle. It is this balance that Hollins Law provides to the great benefit of its clients.

Kathleen Mary Kushi Carter • Managing Principal

In a career spanning over 20 years, Kathleen Mary Kushi Carter has become a leading litigator in Southern California as well as an expert in litigation management. Her reputation as a tough, uncompromising trial attorney has allowed her to achieve great success not only for her clients, but personally as well. Whether representing businesses or individuals on either side of the aisle, Ms. Carter's wide expertise in handling matters ranging from employment law and consumer actions to commercial disputes has allowed her to earn a position of great respect amongst her peers.

Andrew S. Hollins • Principal

As one of the founding partners of Hollins Law, Andrew S. Hollins not only brings over 35 years of extensive trial experience but also a standard of integrity and excellence that has become the hallmark of the firm. His reputation is synonymous with the firm's motto of "fearless trial advocacy."

Mr. Hollins' skills and experience as a litigator and leader have put him in high demand from some of the nation's largest businesses and financial institutions. He has successfully tried or handled cases all across the country. In the high stakes field of insurance bad faith defense, where damage claims can exceed ten figure sums, he is the number one choice for legal counsel by top corporate executives and leading professionals.

We are a “go-to” law firm for high-stakes litigation, for matters that may impact the highest levels of any business organization, and for matters that require the utmost discretion and confidentiality. In the last seven years, we have taken fourteen matters to trial, including defending a tobacco manufacturer in a products liability trial, a defending a chemical manufacturer/distributor in an environmental contamination trial, and defending a hospitality client in a transgender employment trial. Clients routinely retain us in such instances because we analyze problems, offer practical advice, provide the benefit of our substantive experience from pre-suit through post-judgment and, most importantly, make it our primary goal to get results through efficient and effective case management.

KUCHLER POLK
WEINER, LLC

At Kuchler Polk Weiner, experience, integrity and an unrelenting desire to achieve success for our clients are our guiding principles.

KUCHLER POLK WEINER ON DIVERSITY

Kuchler Polk Weiner is a certified Women’s Business Enterprise (“WBE”). Our three founding partners are women, one of whom is also a minority.

To us, diversity is about our client often being the only party in the courtroom with female or minority lawyers who actually have a speaking role and are in command of the litigation. We feel diversity is about having corporate clients who truly trust us with their complex litigation and not simply the “small stuff.” Diversity is about having jurors anxious to see us in action to determine if we can “hold our own” against the more traditional gray-suited lawyers and finding that we do more than just hold our own. Diversity is about being able to relate to that working mom on the jury because we are working parents, ourselves. Diversity is about speaking the language of the everyday person who just happens to be sitting on the bench or in the jury box because we are everyday people. Diversity is who we are – not something we do. Because of who we are, our female trial lawyers are in high demand with our Fortune 500 clients and we’re achieving great trial results for them.

Providing Innovative and Unique Strategies

About the Firm

McDonnell & Associates provides exceptional, individualized client services in Pennsylvania and New Jersey, and nationally upon client request. We are a mid-sized litigation boutique with the experience of a large law firm. The firm actively promotes women and minorities in its hiring and promotional practices, and is committed to various diversity groups. Among the firm's leadership, 66% of our partners are women and 33% are minorities. Overall, our attorneys are 57% women, 35% minorities and 14% LGBTQ. When we represent clients before judges and juries, our attorneys reflect the make-up and demographics of our increasingly diverse society. The firm actively recruits and partners with other diverse suppliers for goods and services utilized by the firm.

Civil Litigation Defense

McDonnell & Associates represents retailers and other commercial property owners in premises liability cases. The firm brings extensive trial experience that includes the representation of defendants in over 100 cases tried to verdict. Our attorneys regularly serve as national coordinating counsel for certain high exposure risks including premises security and catastrophic injury claims. The firm maintains an active e-discovery practice to secure video and electronic evidence; protect its confidentiality; and ensure that it can be searched and produced efficiently in complex litigation.

Commercial Litigation

McDonnell & Associates attorneys also represent corporations in complex business disputes. The firm regularly litigates contract disputes for one of the country's largest commercial concerns. Our attorneys have represented businesses on both sides of construction, vendor, real estate, insurance, indemnity, and financial disputes. The firm has successfully obtained and enforced protective orders to ensure that business litigation does not turn into an expensive fishing expedition or a tool to obtain trade secrets.

Employment Law Litigation

McDonnell & Associates has extensive experience representing large employers in litigated matters as well as matters pending before the public agencies charged with investigating unlawful employment practices. Our employment group has successfully defended employers in cases involving allegations of discrimination based on race, gender, age, disability, and pregnancy as well as allegations of unlawful retaliation. We have also successfully defended wrongful termination claims, and wage and hour disputes. The firm also counsels in preventive measures to help avoid litigation and to establish viable defenses should a claim arise through training sessions and preparation of employee handbooks.

TRIALS & ARBITRATIONS

**150+ Trials; 45+ Arbitrations;
\$300 Million+ Recovered; Complete Defense Verdicts**

Not all lawyers are created equal. It is no secret that most business lawyers have limited, if any, trial experience. Not us. Our attorneys have tried or arbitrated bet-the-company cases. Because of our trial experience and success, we are often hired by clients on the eve of trial. This also enables us to get better settlements because opposing counsel know that we are not afraid to try cases. Our attorneys were trained and excelled at some of the best known firms in the country such as Quinn Emanuel, Jones Day, Paul Hastings and Morgan Lewis, as well as key government agencies including the Office of the United States Attorney, the Office of the Federal Public Defender, and the Los Angeles and San Francisco City Attorney's Offices. We have tried cases in several Federal and State jurisdictions, and across nine states. We have also arbitrated matters at leading arbitration institutions (AAA, JAMS, et al.).

ABOUT THE FIRM

We opened our commercial litigation practice in 2013, drawing from the ranks of top-tier trial lawyers who represent large and respected institutions in complex lawsuits throughout the United States. Our lawyers come from big firms – Morgan, Lewis & Bockius; Hunton & Williams; Skadden Arps; DLA Piper; Ropes & Gray; Boies Schiller and others ranked in the Am Law 100 – but are not bound by big firm mentality. Most of us are also former federal law clerks. And all of us have substantial expertise in high-stakes litigation, notably financial services, insurance disputes, class actions, and IP.

Our depth of experience has convinced clients such as JPMorgan Chase Bank, N.A., Apple, Volvo Financial, McDonald's, Michaels, and other Fortune 500's to hire us.

Our flourishing firm has grown from 2 to 20 lawyers in its first 5 years. Still a boutique, our business approach is lean and hungry, offering our clients better results at lower cost than our multi-layered competitors.

Solving Your Legal Problems Is Our Business!

About the Firm:

Martinez Law Group, P.C. is a Colorado-based law firm specializing in employment and civil litigation, investigations, and employment law counseling. The firm handled the landmark medical marijuana case in the State to date: a challenge to its client's (an employer's) ability to fire a medical marijuana user who tested positive for THC in a random drug test. After oral argument last year, the Colorado Supreme Court issued a unanimous decision in favor of employers in June 2015.

The firm is only a half dozen attorneys, but it is small by design. Our matters are staffed sufficiently, but leanly. Although most arrangements are based on some form of the hourly-rate model, the firm's attorneys have the ability to work with different types of rate structures. They work on numerous cases that are provided from referrals (including opposing counsel), or past clients. Martinez Law Group understands that the most powerful recommendations come from past experiences and word of mouth.

The firm's attorneys have received numerous recognitions, including ratings of AV Preeminent® by Martindale-Hubbell, *Colorado Super Lawyers*, *Top 100 Trial Lawyers*, *Top Attorneys*, and *The Best Lawyers in America*. For the past few years, the Firm has been designated as a Go-To Law Firm® for the Top 500 Companies.

Our Clients:

Martinez Law Group's clients range from individuals to Fortune 100 companies in various industries, including engineering, satellite broadcasting, utilities, homebuilding, travel and hospitality. In addition to representing companies of all sizes, the firm handles a select number of plaintiff's cases, including prosecution of trade secret, and non-competition disputes, as well as class and collective actions. Martinez Law Group also works with national firms as co-counsel or local counsel for clients in Colorado.

About the Firm's Founding Member:

Meghan Martinez worked for a dozen years at a large national firm (including seven years as partner and as co-chair of that firm's Employment Department) before deciding to form her own law firm. "I enjoy establishing strong working relationships with our clients and being able to participate meaningfully in the way they do business. From a smaller firm, I can provide the same quality of services for clients, while offering flexible and creative billing options."

ABOUT THE FIRM:

Pennington Lawson is a San Francisco-based, women-owned law firm that provides sophisticated, strategic, and efficient legal services to clients who seek the advice and counsel of top-tier lawyers. We are specialists in employment law, litigation, and real estate, with decades of major law firm experience in those areas. We represent clients throughout the state of California—from small businesses to Fortune 500 companies—in a broad range of matters, providing strategic advice and targeted litigation advocacy.

In 2015, Pennington Lawson was named to the San Francisco Business Times list of the Top 100 Women-Owned Businesses in the San Francisco Bay Area (and in the top 50 for the City of San Francisco)—one of only five law firms on the list. Our lawyers have been rated "AV Preeminent" by Martindale Hubbell and have repeatedly been named Northern California "Super Lawyers."

The firm's attorneys previously practiced at leading international law firms, including Quinn Emanuel, Paul Hastings, Latham & Watkins, and Orrick. We pride ourselves on being nimble, innovative, and cost-effective experts in our areas of practice.

PRACTICE AREAS:

Litigation

Our litigators have numerous trial and arbitration wins for clients in a broad range of industries, including high-tech, finance, entertainment, aerospace, defense contracting, commercial security, and consulting. Our knowledge of the substantive law is both deep and wide, with specialties including trade secrets, employee movement, employment, business contracts, unfair competition, fraud, securities, professional liability, privacy, unfair competition, false advertising, defamation, insurance coverage, copyright and trademark, and real estate. Our lawyers also have a long track record of obtaining dismissal of claims before trial—winning motions for dismissal, demurrers and motions for summary judgment. This reputation, coupled with our willingness to take cases to trial, means we are able to extract better settlement terms and better, business-oriented results in difficult cases.

Employment

We represent businesses in litigation and at trial in all varieties of employment disputes, including those involving sex, race, age, and disability discrimination and harassment, wrongful termination, whistle-blowing, defamation, fraud, invasion of privacy, unfair competition, and wage-and-hour violations. We are experienced in all arenas in which employment disputes arise, including state and federal court, arbitration, and administrative agencies. We also regularly advise employers on the full spectrum of employment-related issues, including separations and hiring, best practices, and litigation avoidance. We conduct neutral investigations of sensitive workplace complaints and assist employers by preparing policies and handbooks and providing management training on employment law issues.

Rivero Mestre focuses exclusively on litigation matters. Our multilingual attorneys and staff are ready to take on national and international litigation challenges in the following practice areas:

Complex Commercial Litigation

Because of our trial experience, we begin with the end in mind. We start from the certain knowledge that all pre-trial litigation must be directed to ultimately winning a trial. We are experienced trial lawyers who handle business cases from investigation to verdict and appeal in every conceivable type of commercial dispute. By preparing for the ultimate contest, we improve our clients' position at every stage of the case. Because of the depth and breadth of our experience, we are able to handle both general commercial cases and cases in more specialized areas of the law, allowing us to be cost-effective and deliver value.

International Litigation & Arbitration

From our Miami and New York offices, we focus on resolving complex, high-value international business disputes. The firm routinely represents clients in federal and state courts in the U.S. in litigation arising out of international business operations. As a result, we are experienced with the legal doctrines and practical considerations that repeatedly arise in international business disputes.

We are battle-tested in cross-border arbitration all over—from a Spanish-language arbitration under Ecuadorian law in Mexico City to an English-language arbitration in New York under Mexican law for a Dutch client. Our multilingual and multicultural lawyers are uniquely equipped to assist you in resolving your international disputes through arbitration.

Rivero Mestre has represented clients in disputes administered by the International Chamber of Commerce, the American Arbitration Association (including its International Center for Dispute Resolution), JAMS, FINRA, NYSE, Stockholm Chamber of Commerce, and the Caracas Chamber of Commerce, as well as in “ad hoc” arbitrations. Reflecting the excellent reputation the firm enjoys, from time to time our lawyers are nominated to serve as arbitrators by experienced litigators at other major firms.

Internal Investigations

If your company needs an internal investigation, you have a dangerous situation that requires highly-skilled and experienced outside counsel. Such investigations pose a thicket of potential problems, like privilege waiver and independence challenges. Rivero Mestre has conducted internal corporate investigations in the United States and in foreign countries involving varied allegations of wrongdoing from securities fraud to accounting malpractice to Foreign Corrupt Practices, while crossing languages, borders, and cultures.

We have also represented companies and boards in derivative and other litigation related to internal investigations, and we have advised clients about their rights under D&O insurance policies.

White Collar Criminal Defense

Rivero Mestre's highly-skilled team of white-collar practitioners has represented public officials, executives, managers, corporations, and professionals in the most sensitive of regulatory, state, and federal investigations, and at all stages of white-collar criminal litigation in federal and state courts.

We have defended our clients against allegations of corporate misconduct and personal criminal liability in every imaginable sector of the economy including: securities, banking, financial services, accounting, government contracting and procurement, health care, environmental, taxes, insurance, bankruptcy, computer and intellectual property, and international trade and investment. We also have substantial experience with the complexities of the Foreign Corrupt Practices Act, the money-laundering statutes, and forfeiture laws.

What does high **quality** legal work mean to you?

For our Fortune 500 clients, high quality means no surprises. Real budgets. Keeping our word. Quality is a twenty-three year reputation for aggressive, ethical lawyering respected by opposing counsel, judges and mediators throughout California. Quality wins cases and closes deals.

Quality is clear writing and rapidly returned phone calls. It means when you ask a question, you get a real answer, not a lot of caveats and hedging. Quality is making the effort to understand *your* business objectives and our ability to clearly communicate and collaborate with your business leaders and line employees alike.

Quality means keeping clients up-to-date on what is happening and why, so they never have to inquire about case status or question a bill. Quality is turning away work we are not equipped to do well so we can focus on delivering superior results in our core practice areas. Quality is finding the most cost-effective solution to even the most complex challenges.

A critical component of our quality is intensive associate training – on our dime. For example, every time an associate on our employment team takes a deposition, a partner walks her through the transcript – what was done well or could be done better – all without charge to the client. Every motion gets an extra read-through by another lawyer, without charge. Employment and litigation associates are regularly coached on trial skills because knowing how to try a case well makes for superior lawyering in the day-to-day work that wins most cases.

Our transactions team is equally dedicated to ensuring quality in everything we do. All our banking transactions partners bring a wealth of relationships from prior in-house experience. That institutional knowledge and client perspective on business objectives enables us to focus on the deal points that matter, speak the business language of our clients and efficiently deliver results.

Quality wins cases and closes deals. If your law department takes a similar approach and you need lawyers who do what we do, please ask our clients about the quality of our work.

Southern Trial Counsel | PLC
Attorneys for Business

What are you looking for when you hire a legal team to defend your company?

We take care of business. Whether defending manufacturers in product liability actions, representing companies in catastrophic personal injury actions, protecting the reputation of major theme parks, advocating the commercial interests of banks and financial institutions, or following the needs of a growing region, our practice focuses on representing the interests of businesses from around the globe.

We understand the priorities of General Counsel. Our attorneys have devoted their entire legal careers to representing the interests of small to Fortune 10 companies in litigation settings. We are comfortable in the Boardroom or the Courtroom, and in either we strive to further the interests of our clients.

We believe in mediation and reasonableness. We encourage our clients and adversaries to resolve their differences amicably if they can. But alternative resolution is not the solution in every case and we strongly believe that a right to trial by jury is as important to a business as it is to an individual.

Litigation is not cheap, easy, or for the faint of heart. However, when litigation is appropriate or unavoidable, we work closely with our clients to develop a comprehensive strategic litigation plan and we strive to achieve their goals in efficient and economical ways. We offer electronic billing, alternate billing alternatives, detailed budgeting, and close communication with case handlers to avoid surprises.

We pride ourselves on being consummate professionals who offer our clients quality, leadership, commitment, and diversity. Our peer-reviewed accolades and our network of long term institutional clients speak for themselves. You can learn more about each by visiting our website, or our Facebook or Twitter accounts.

We serve on the following NAMWOLF Practice Area Committees which reflect our experience and focus:

- Product Liability
- Restaurant, Retail & Hospitality
- Commercial Litigation

Our office is centrally located in Orlando, Florida. We practice throughout the State, in every major metropolitan area, and in every U.S. District Court in the State. We invite you to examine our credentials, consider our experience, and ask questions.

OUR THREE CORE PHILOSOPHIES:

SUBSTANCE

The law is not a stagnant set of rules, but an ever-evolving body of principles that are applied differently to different situations. And the people who make decisions that affect your legal rights - judges and juries - bring with them views that have been formed by experiences in everyday life about everyday matters.

Being an effective advocate requires a combination of intelligence, thorough preparation, competitive spirit, and healthy appreciation of the human condition.

Our lawyers have earned the respect of their peers and enjoy distinguished reputations in the community. But we have traveled different paths to excellence. We include former prosecutors, public defenders, and many who were trained at some of the nation's largest law firms. In our younger days we waited tables, tended bar, worked on assembly lines, life-guarded, and sold insurance. Among us are graduates of the most prestigious colleges and law schools in the country and others from places of lesser renown. Our diverse perspectives and extensive experience as advocates allow us to work effectively with clients to shape strategies and positions that make sense to real people in the real world.

We will apply our collective talents, experiences, and achievements to find practical solutions to your problems.

QUALITY

We are committed to quality and efficiency.

Here is what we promise in our relationship with you:

- When you entrust us with a legal matter, you won't need to worry about it. We will do the worrying so that you can move on to other things.
- From the day we start working for you, we will plan and implement a comprehensive strategy to meet your needs. We believe in pitching, not catching. All along the way, we will collaborate with you.
- We will always be ethical and act in accordance with the highest professional standards.

Our first step is to understand your goals. Our second step is to work with you to create a plan to achieve them. Our third step is to bring our experience and expertise to bear on obtaining tangible results. We are not satisfied with less, and you shouldn't be either.

Our investment in technology is intended to enhance our ability to serve our clients efficiently. Also, our clients can choose to take advantage of our longstanding relationship with a major offshore legal services support firm, allowing seamless outsourcing of labor-intensive projects to a lower-cost alternative.

VALUE

Although a substantial portion of our work is conducted on a nationwide basis, our Midwestern roots are reflected in our pricing. We want to partner with our clients to reach the right solutions for all of us. And, while much of our work is done on a traditional, hourly basis, we offer a variety of alternatives on projects that are best approached differently:

- fixed-fee contracts focused on specific types of matters;
- fixed-fee contracts based on the phases of a matter;
- fixed-fee contracts for specific services; and
- outcome-driven fees ranging from traditional contingency fees to hybrid billing.

There's no one best system. A value-oriented, more flexible approach is a better model for both attorneys and clients.

REPRESENTATIVE MATTERS

We invite you to visit www.tlgattorneys.com for more examples of our experience...

Obtained a complete defense jury verdict for client in a case brought by a student gymnast who claimed \$57 million in economic plus punitive damages after being rendered a quadriplegic in an accident on an allegedly defective tumbling device. The trial lasted over a 5 week period and involved numerous fact and expert witnesses. This case was widely publicized nationally and locally.

Successfully represented a national food chain in a two and a half week jury trial of a breach of contract claim for \$20 Million brought by a supplier claiming antitrust and unfair competition practices that caused it to go bankrupt.

Obtained non-suit in a case involving the death of a 14-year-old with a known and documented heart condition (hypo tropic cardiomyopathy), who died while participating in a physical education course. Notably, TLG was retained only one month before trial and prior defense counsel had taken no depositions and had received an order precluding the client from offering any expert testimony at trial. TLG also successfully handled the appeal to the Superior Court, where the grant of non-suit was affirmed.

Represented a major Philadelphia employer in an employment discrimination case brought by nine Plaintiffs. Eight of the plaintiffs’ cases were dismissed by motions and the remaining plaintiff settled for what amounted to a few weeks of his salary.

OUR CLIENTS

Just as important as our proven track record as effective advocates, is our commitment to partnering with our clients to meet their legal needs within budget. Nothing speaks to this commitment like the long-standing relationships our attorneys have maintained with our clients, their trust in our handling their most difficult cases and their generous referrals to their colleagues and friends. Some of our clients include:

WWW.TLGATTORNEYS.COM

After a two-week jury trial of a negligence action brought by a patient who alleged that she was sexually assaulted by a veteran nurse, TLG won a complete defense verdict. After another firm lost the related arbitration of the nurse’s claim for reinstatement, TLG was also retained to handle the arbitration appeal, where TLG successfully argued that both the arbitrator’s decision to reinstate the nurse and the Philadelphia County Court of Common Pleas’ decision to uphold the arbitration award should be overturned based on the arbitrator’s faulty factual conclusions.

Obtained a complete defense verdict as well as costs and fees after a jury trial of a claim against our hospital client for wrongful use of civil proceedings when a physician reported parents to child welfare services for failure to properly care for a minor. This case was featured in Pennsylvania Law Weekly, May 25, 2010, Top Verdicts & Settlements.

VALENTINE AUSTRIACO & BUESCHEL, P.C. IS A WOMEN-OWNED LAW FIRM WITH DECADES OF EXPERIENCE RESOLVING AND LITIGATING BUSINESS DISPUTES AND HANDLING REAL ESTATE-RELATED MATTERS.

We bring creativity and cost-effective solutions to every engagement. We work collaboratively with our clients to achieve practical results, and our clients praise us for our commitment and responsiveness. We take on the difficult legal problems of businesses and seek resolutions – whether through settlement or, if necessary, litigation through trial.

OUR WORK INCLUDES:

EMPLOYMENT MATTERS

We help businesses handle the full range of employment law issues, from drafting executive employment agreements and non-compete provisions to defending discrimination and other lawsuits. Unlike most defense firms, we have insight gained from previously representing plaintiffs, including deep knowledge of the administrative agency process. We provide our employer clients with realistic case evaluations, so that cost-effective decisions can be made early in a dispute.

INTERNAL INVESTIGATIONS

When fraud or other misconduct strikes your organization, you need experienced counsel to address the issue and provide swift recommendations. We have worked with state and federal agencies and with audit and compliance committees of corporate boards to perform internal investigations. We do so with an eye toward thorough, yet timely, assessment of the issues, to discern whether the whistleblower or other complainant raises meritorious claims. We provide well-supported analysis, and we accomplish it on your timeline.

CONTRACT DISPUTES

Whether a vendor dispute lands you in a mandatory arbitration proceeding, a disgruntled customer brings a multi-million dollar lawsuit against you in federal court, or your entity needs assistance collecting a receivable, we know how to minimize your costs and maximize your ability to return your focus to income-generating matters. We understand that while we might relish an opportunity to interpret a novel contract issue, your organization wants solid advice on how to proceed cost effectively.

REAL ESTATE

We handle real estate-related litigation and transaction matters including sales, purchases, trusts and estates, title insurance claims and litigation, landlord tenant matters, and zoning and ordinance issues. We have decades of experience in resolving complicated issues involving any matter where real property touches state, federal or local statutes, regulations, or ordinances.
