A Better Way to Practice Law

CM Law deliberately broke away from the outdated mold of traditional law firms in direct response to the concerns expressed by most clients: high costs, lack of personal service, and slow responsiveness.

CM Law is the largest national, full-service, women-owned & managed law firm in the United States. with attorneys servicing clients from over a dozen major business markets.

Our attorneys are all highly credentialed and experienced and do not train on the client's dime.

We provide an array of legal services for a broad range of clients, including over 40+ Fortune® ranked public companies and international organizations across a variety of geographic markets and industries, including: banking, automotive, telecommunications, energy, food and beverage, hospitality, travel, manufacturing, logistics, real estate, retail, and fashion. We also serve numerous other clients ranging from high-tech start-ups to family-owned franchise systems – and everything in between.

We offer business-savvy solutions that only seasoned professionals with an average of 20+ years of experience can provide. This allows us to act as facilitators, not roadblocks to your business objectives.

Our low-overhead business model leverages cloud technology to reduce costs, which results in competitive fees that are unmatched by similarly-experienced partners at traditional national law firms. For many of our services, we also offer flexible and predictable rate plans that align our business incentives with yours, including alternative fee arrangements.

Our lawyers place a premium on relationships. We partner with you by getting to know your business and people, so that we can act seamlessly as an extension of your organization.

We recognize and embrace inclusion because of the value our attorneys' different experiences, perspectives, and backgrounds contribute to client matters.
