ABOUT THE INTELLECTUAL PROPERTY PRACTICE AREA GROUP

The Intellectual Property Practice Area Committee includes a group of law firms and attorneys having a focus on all aspects of intellectual property law. The IP Practice Area Committee was organized to foster collaboration with its members, and to provide a resource to other non-IP NAMWOLF attorneys and law firms as well as a resource for corporate counsel desiring opportunities to work with NAMWOLF firms on IP-related matters. The IP Practice Area Committee's member firms have significant experience in all aspects of patent, trademark, copyright, trade secret, unfair competition, data rights, computer/internet/privacy law, and other IP-related areas including prosecution, litigation, licensing, and transactional matters. The IP Practice Area Committee strives to facilitate opportunities for corporate entities and NAMWOLF member firms to develop mutually beneficial partnerships to advance the goals of all parties. Furthermore, the IP Practice Area Committee provides continuing legal education (CLE) programs, organizes corporate on-site meetings, and works on policy and other initiatives to further advance NAMWOLF's goals and to help establish practical relationships and engagements with corporate counsel and within the IP bar as a whole.

The lawyers at CHEN MALIN LLP practice at the intersection of complex transactions and litigation. We eschew playbooks when solving problems, and our approach impacts results. Defying convention in the IT industry, we secured major concessions from vendors that later formed the basis for multiple 8-figure recoveries for our client. In bet-the-company litigation, we have multiple trial and pre-trial victories against teams from AmLaw 100 and well-known plaintiff’s firms. In each instance, our clients were successful when observers expected adverse results. Our clients include multiple Fortune 100 and Global Fortune 500 companies, and they entrust us with contracts that impact 11-figures in annual operating revenues and litigations when the stakes matter.

Counter-parties have sought our advice after negotiations have concluded. We have won cases using theories that the same courts have rejected—when those theories were advanced by others. We are one of a handful of teams in the country that have successfully litigated a F/RAND (patent) case to verdict. And our examinations of opposing witnesses have repeatedly had case-dispositive effect.

Intellectual Property Practice Overview

Culhane Meadows is not your typical law firm – and we’re proud of that!

We are shaking up the legal market as the largest national full-service women-owned law firm in the country and all of our lawyers were trained at AmLaw 200® law firms, global corporations and/or senior levels of government. But as a cloud-based law firm, our innovative business platform does away with extravagant office space and other overhead expenses that offer little or no value to our clients. The result is that we can offer superior services to our clients for significantly lower rates. We maintain all the key elements of traditional IP law practices, including litigation technology and a well-established patent & trademark docketing system with associated support staff. The result is the unique combination of advantages for our clients, including –

➢ More than 70 attorneys in 10 major business markets (and licensed in 17 different U.S. jurisdictions). Our partner-only roster is comprised exclusively of former Big Law attorneys (and no junior lawyers who train on the client’s dime).

➢ We’ve provided legal services for clients, including Fortune® 100 companies and international organizations in banking, hospitality, fashion and luxury goods, finance, financial services, franchising, advertising, insurance, travel, technology, securities, e-commerce, real estate, telecom, family businesses, education, entertainment and sports, among others.

➢ We offer business-savvy solutions that only seasoned professionals can provide. This allows us to act as facilitators, not "roadblocks" to your business objectives.

➢ Our competitive fees are unmatched by similarly-experienced partners at traditional law firms. We offer flexible and predictable rate plans that align our business incentives with yours, including alternative fee arrangements (when appropriate) for many of our services.

➢ Our lawyers place a premium on relationships. We partner with you by getting to know your business and people, so that we can act seamlessly as an extension of your organization.

Walsh's Intellectual Property (IP) practice delivers innovative and economical strategies for protecting, exploiting, and enforcing intellectual property rights. Our IP attorneys have a stellar reputation representing major corporations and individuals alike, and have litigated significant patent cases involving a range of technologies in the pharmaceutical, biotechnology, software, electronics, and chemical industries. We have achieved multi-billion dollar settlements for pharmaceutical companies, obtained multi-million dollar jury verdicts in copyright and trade secret cases, achieved landmark decisions on e-discovery, and won vital temporary and preliminary injunctions.

**What we do for our Intellectual Property clients:**

Our full-service IP practice includes counseling clients on best practices and responsive strategies in connection with the acquisition and use of intellectual property. Over the years we have successfully assisted some of the country's largest and most respected companies in all stages of litigation— in both federal and state courts — involving:

- Patent Infringement
- Theft of Trade Secrets
- Trademark, Copyright and Trade Dress Infringement
- False Advertising
- Trademark Prosecution

Our Trademark Team clears trademarks, registers those marks, maintains them, and advises clients on their continued protection. The firm's trademark litigators have prosecuted and defended cases involving brands and have successfully resolved disputes through alternative dispute resolution techniques that reduce costs while achieving significant business goals.

**Who we work with:**

Walsh works with international, national and regional corporations of all sizes from Fortune 100 companies to sole proprietorships. Represented industries include insurance, software, mechanical equipment, fashion, hospitality, and pharmaceutical. Our team also works with individuals who are seeking advice on intellectual property protection.
Intellectual Property Litigation

Handled improperly, intellectual property litigation can be time consuming and expensive. More importantly, if your core technology is at issue, an adverse result could be catastrophic for your company. For that reason, Willenken lawyers are trained to develop and execute a strategy that will lead to an efficient and successful resolution as soon as possible in the life of the case.

Our IP litigation practice covers the entire panoply of the IP world including patents, trademarks, copyrights, trade secrets, and unfair competition. In addition, we also address legal issues related to Internet commerce.

Notably, the diversity of our clientele is as significant as the breadth of our experience. As a few examples, over the years we have:

- Litigated trademark matters throughout the country including in California, Florida, Michigan, Nebraska, and Nevada.
- Litigated patent cases in California, Delaware, Iowa, Ohio, Texas, and Washington.
- Litigated trade secrets cases in both state and federal court.
