ABOUT THE INTELLECTUAL PROPERTY PRACTICE AREA GROUP

The Intellectual Property Practice Area Committee includes a group of law firms and attorneys having a focus on all aspects of intellectual property law. The IP Practice Area Committee was organized to foster collaboration with its members, and to provide a resource to other non-IP NAMWOLF attorneys and law firms as well as a resource for corporate counsel desiring opportunities to work with NAMWOLF firms on IP-related matters. The IP Practice Area Committee's member firms have significant experience in all aspects of patent, trademark, copyright, trade secret, unfair competition, data rights, computer/internet/privacy law, and other IP-related areas including prosecution, litigation, licensing, and transactional matters. The IP Practice Area Committee strives to facilitate opportunities for corporate entities and NAMWOLF member firms to develop mutually beneficial partnerships to advance the goals of all parties. Furthermore, the IP Practice Area Committee provides continuing legal education (CLE) programs, organizes corporate on-site meetings, and works on policy and other initiatives to further advance NAMWOLF's goals and to help establish practical relationships and engagements with corporate counsel and within the IP bar as a whole.

The lawyers at CHEN MALIN LLP practice at the intersection of complex transactions and litigation. We eschew playbooks when solving problems, and our approach impacts results. Defying convention in the IT industry, we secured major concessions from vendors that later formed the basis for multiple 8-figure recoveries for our client. In bet-the-company litigation, we have multiple trial and pre-trial victories against teams from AmLaw 100 and well-known plaintiff’s firms. In each instance, our clients were successful when observers expected adverse results. Our clients include multiple Fortune 100 and Global Fortune 500 companies, and they entrust us with contracts that impact 11-figures in annual operating revenues and litigations when the stakes matter.

Counter-parties have sought our advice after negotiations have concluded. We have won cases using theories that the same courts have rejected—when those theories were advanced by others. We are one of a handful of teams in the country that have successfully litigated a F/RAND (patent) case to verdict. And our examinations of opposing witnesses have repeatedly had case-dispositive effect.

What our clients say

“One of the most effective and efficient counsel I have ever worked with”

“Great understanding of business operation(s)”

“Coalesces technical knowledge ... legal acumen ... and negotiation skills to provide ... exceptional legal advice in a ‘user-friendly’ manner”

“A strong trial lawyer ... admired for his ability to assimilate and simplify complex technological details in IP disputes of all kinds”

“His extensive expertise and abilities as a litigator, negotiator and advocate are obvious”

World’s Leading Trademark Professionals
In strategy and prosecution
Culhane Meadows is not your typical law firm – and we’re proud of that!

We are the largest national full-service women-owned law firm in the country and all of our lawyers were trained at AmLaw 200® law firms, global corporations and/or senior levels of government. We are shaking up the legal market as a cloud-based law firm with an innovative business platform that does away with extravagant office space and other overhead expenses that offer little or no value to our clients. Simply put, we offer superior services to our clients for significantly lower rates. We maintain all the key elements of traditional IP law practices, including litigation technology and a well-established patent & trademark docketing system with associated support staff. The result is a unique combination of advantages for our clients.

More than 70 attorneys in 10 major business markets (and licensed in over 20 different U.S. jurisdictions). Our partner-only roster is comprised exclusively of former Big Law attorneys (and no junior lawyers who train on the client’s dime).

We provide legal services for a broad range of clients, including Fortune® 100 companies and international organizations in biopharma, chemical, electronics, software, manufacturing, oil & gas, telecom, e-commerce, medical device, information technology, hospitality, fashion and luxury goods, banking, financial services, franchising, advertising, entertainment, sports, travel, and insurance, among others.

We offer business-savvy solutions that only seasoned professionals can provide. This allows us to act as facilitators, not “roadblocks” to your business objectives.

Our competitive fees are unmatched by similarly-experienced partners at traditional law firms. We offer flexible and predictable rate plans that align our business incentives with yours, including alternative fee arrangements (when appropriate) for many of our services.

Our lawyers place a premium on relationships. We partner with you by getting to know your business and people, so that we can act seamlessly as an extension of your organization.
