INTERNATIONAL LAW

PRACTICE AREA COMMITTEE

The **International Law PAC** members concentrate on cross-border matters of all types, including regulatory, litigation, and transactions. The PAC provides a forum for its members to communicate and exchange ideas regarding the interpretation and development of law and policy pertaining to international litigation, arbitration, and other forms of alternative dispute resolution (ADR), as well as cross-border transactions involving international sale or provision of goods and services, investments, and financing. In addition, the PAC serves as a platform for its members to cultivate best practices, to address current international issues, and to build intra-PAC relationships. The International Law PAC complements the other NAMWOLF PACs by bringing specialized international legal knowledge to law firms and corporations who increasingly face global legal issues.

 - **We've provided international legal services for clients, including Fortune® 100 companies and international organizations** in banking, hospitality, fashion and luxury goods, finance, financial services, franchising, advertising, insurance, travel, technology, securities, e-commerce, real estate, telecom, family businesses, education, entertainment and sports, among others.

Practice Highlights

Intellectual Property: While LHDK&W's nationally ranked patent prosecution practice anchors its intellectual property practice and prosecutes hundreds of patents every year, LHDK&W attorneys also are experienced in trademark registration, patent and trademark litigation (including IPR and adversary proceedings before the TTAB), technology licensing, product clearance and due diligence review.

Automotive Regulatory and Litigation: LHDK&W attorneys represent OEM manufacturers in regulatory matters before the National Highway Traffic Safety Administration, as well as serving as lead and national counsel for OEM manufacturers, suppliers and equipment manufacturers in catastrophic and wrongful death product liability, and warranty/defect related class action litigations. LHDK&W serves as an OEM manufacturer's product liability national discovery coordination counsel, including coordination of domestic and international aspects of discovery and preparation of corporate witnesses for depositions.

International Arbitration and Litigation: LHDK&W attorneys in its Seoul, California and London offices represent clients before international arbitration tribunals, such as LMAA, ICC, SIAC and tribunals constituted under UNCITRAL rules, in claims often involving tens or hundreds of millions of dollars. LHDK&W also represents or coordinates client efforts in domestic and foreign litigation, including cross-border insolvency litigation and enforcement of arbitral awards.

Banking and Financial Services: Since its founding, LHDK&W has provided sophisticated litigation and transaction services to banks, financial services companies, and government agencies. We regularly advise financial institutions regarding real estate and lending transactions, creditor-side bankruptcy matters, loan workouts, and foreclosure-related litigation. LHDK&W also represents financial institutions and other businesses in complex commercial litigations, including shareholder disputes, commercial fraud, fraudulent transfers and enforcement of foreign judgments.

Corporate/Transactions/Business: Prior to joining the firm, many of LHDK&W's business attorneys were general counsel or senior in-house attorneys. With that real world experience, LHDK&W provides regular counsel to innovators, technology companies, investors and corporate business units in joint ventures, acquisitions, business operations (e.g., vendor, supply, service, advertising, and sponsorship agreements). Through a California certified specialist in franchise and distribution law, LHDK&W provides expert counsel to franchisors, including registration in all franchise registration jurisdictions.

Wong Fleming attorneys are regularly called upon to represent the interests of international clients in the United States and the overseas interests of our American clients. We have addressed matters, such as litigation, business formation, import-export, immigration, intellectual property, real estate and regulatory affairs. We are also experienced with sophisticated financing and credit facilities, such as letters of credit and documents of acceptance, particularly important areas for our international clients. Our work includes both the documentation of complex commercial transactions and the protection of the interest of our clients with troubled or defaulted loans.
