PRACTICE AREA COMMITTEE

Directory

The Intellectual Property Practice Area Committee includes a group of law firms and attorneys having a focus on all aspects of intellectual property law. The IP Practice Area Committee was organized to foster collaboration with its members, and to provide a resource to other non-IP NAMWOLF attorneys and law firms as well as a resource for corporate counsel desiring opportunities to work with NAMWOLF firms on IP-related matters. The IP Practice Area Committee's member firms have significant experience in all aspects of patent, trademark, copyright, trade secret, unfair competition, data rights, computer/internet/privacy law, and other IP-related areas including prosecution, litigation, licensing, and transactional matters. The IP Practice Area Committee strives to facilitate opportunities for corporate entities and NAMWOLF member firms to develop mutually beneficial partnerships to advance the goals of all parties. Furthermore, the IP Practice Area Committee provides continuing legal education (CLE) programs, organizes corporate on-site meetings, and works on policy and other initiatives to further advance NAMWOLF's goals and to help establish practical relationships and engagements with corporate counsel and within the IP bar as a whole.

Intellectual Property (IP) Law

FLIP prepares, files, registers, maintains, and polices patents domestically and internationally, assisting companies in achieving business goals and market dominance for inventions in the biotech, chemical, aerospace, electrical, mechanical, design, medical device, and computer software arts. The patent professionals each have over a decade of experience, and all have advanced degrees including PhD, Msc, and are U.S.PTO registered.

FLIP also counsels clients on best practices for national and international branding campaigns, while protecting and policing brands, copyrights, trade secrets and even trade dress by registering with Customs and Border Control, licensing, and by successfully guiding contentious matters to conclusion in the clients' favor.

Business Law

FLIP routinely helps new and current clients creatively approach commerce in the U.S. and abroad including creating new businesses and tackling the issues that arise as existing businesses interact with the public, other companies, and the government. This area of the law draws on a variety of legal disciplines, including corporate law, tax law, intellectual property, real estate, sales, employment law, bankruptcy, and others. FLIP helps clients monetize IP through licensing and even mergers and acquisitions, successfully assists in incorporating new companies, moving into foreign jurisdictions, and even going public.

Having an efficient and modern platform allows FLIP professionals to nimbly pivot as needed to help clients dominate cutting edge industries. For instance, FLIP has easily kept pace with clients in the cannabis, hemp, and related industries, including not only cannabis but also the innovative psychedelic market. FLIP professionals assist clients in the cannabis and ancillary businesses with their branding, patents, and enforcement including border control of counterfeits such that Time.com has recognized one company client as having the innovation of the year. FLIP's contributions to helping clients achieve enviable positions in very crowded arenas is also recognized, for instance, by naming Founder and Manager, Zareefa B. Flener, as a Top Cannabis Attorney by High Times Magazine.

OUR INTELLECTUAL PROPERTY PRACTICE

Our IP team has talented and highly experienced attorneys with a track record of success. The practice encompasses dozens of industries, with our IP clients ranging from Fortune 500 companies to startups. The practice focuses on:

- Copyright and trademark litigation
- Trademark registration and maintenance
- Brand protection
- Patent disputes
- Trade secrets

While we stand ready to litigate aggressively in court and the TTAB, we understand that litigation is often a strategic tool for posturing a dispute towards a cost-effective resolution. LimNexus IP attorneys are thus adept at the strategic use and timing of legal proceedings and other methods to help clients protect their brands and other intellectual properties. Using the same expertise, our attorneys employ proactive tactics such as preemptive suits for noninfringement to successfully defend our clients. When defending against infringement claims, we are skilled at obtaining contribution or indemnity from other parties and insurers and quickly resolving cases when warranted by our exposure assessment.

LimNexus IP attorneys partner with our clients to develop sophisticated strategies to clear, register and protect their valuable trademarks. We also assist with setting up cost-effective protocols for clients who self-register copyrights.

Thomas & LoCicero – TLo – is a boutique, Florida-based litigation, IP, and media law firm and a proud member of NAMWOLF. Because intellectual property is critical to nearly every business, industry leaders look to TLo to protect, register, license, and manage their IP portfolios. No matter the size, we recognize that for a business to thrive, it must be able to capitalize on and guard its intellectual property. At TLo, we tailor our representation to the needs of the client, providing everything from registration through litigation or mediation. The attorneys most involved in our IP practice – Carol LoCicero, James Lake, and James McGuire – are all listed in *Best Lawyers in America*.

Trademark • TLo is your “go to” firm for guidance on all aspects of trademark management, including searching the availability of new marks, assessing likelihood of registration, securing domain names, licensing marks, and policing infringement. Fortune 500 companies, regional business leaders, and local entrepreneurs all trust TLo to protect their brands.

Copyright • Our lawyers routinely provide copyright counseling and advice, including pre-publication review of copyrightable materials, registrations, and work-made-for-hire and licensing agreements in a wide range of media – from books, newspapers, and magazines to software and commercial advertisements.

Advertising & Marketing • We offer guidance and advice to clients on a wide range of advertising and marketing issues, covering statutory commercial misappropriation prohibitions, regulations on unfair and deceptive trade practices, contractual considerations based on existing website terms, and common law theories related to invasion of privacy.

Litigation • TLo lawyers prosecute and defend trademark, false advertising, domain name, and copyright cases, and fight to protect our clients’ ideas and brands from misappropriation, cybersquatting, and infringement. TLo also litigates and arbitrates domain name disputes before the World Intellectual Property Organization and National Arbitration Forum.
